Menu Styles

Plated Menu

Also known as a seated dinner, a plated menu style event is typically more formal whereby guests at allocated tables or seats and an individual plated meal is served to each guest. The option of alternatively served courses, means that 2 dishes are served for each course and placed in front of the guest in an alternate order. Alternative menus are available only for 40 guests or more.

Buffet Menu

A popular and slightly more informal option where guests are seated at allocated tables and all the food is placed in a central area where guests serve themselves. The buffet is open for a set amount of time and guests can return as they wish during that time.

Sharing Menu

Also known as communal, this dining style is perfect for a more relaxed event where you want to avoid the disruption of a buffet station and guests having to get up and down from their seats. Share style is where the meal is placed to the centre of the table to allow the guests to share dishes and help themselves from their seat.

Cocktail Menu

This option provides a relaxed and very social style of reception where your guests can freely mingle and move about while bite sized and substantial canapes are offered directly to the guests. The addition of grazing stations provide an option where guests can be served small grazing dishes also.

Please note that all events are required to cease at or before 11.30pm

Beverage service will cease 30 minutes prior to scheduled end time of your reception

Venue Hire and service staff included within each package, is to a maximum of 5 hours

GiftWell

Having a destination wedding means keeping things as convenient for you and your guests as possible.

It is not always practical to take boxed gifts or large sums of cash to and from an island location and we find most of our wedding couples are opting to request gifts of cash.

Daydream Island Weddings is pleased to team up with GiftWell, an electronic wishing well app that enables guests to give their gift securely via Stripe and write a personal message for the happy couple in lieu of a card.

The GiftWell app is free to download and easy for everyone to use. Using GiftWell means no one needs to worry about sourcing or carrying cash, or the safety of the wishing well on the night, leaving the wedding couple and their guests with peace of mind and free to do the most important thing: get on with the celebration.

The region has a tropical climate of hot summers, warm winters with bright spring and autumn days. Average daily temperatures range at around 22-23 in the winter months and up to 29-30 in the summer months. The tropical wet season occurs January through March when days can get steamy with high humidity and the summer heat is often broken by tropical rain fall.

For accommodation that your guests will book and pay for themselves, we will provide you details of our easy to use online portal which allows your guests to access a special rate.
