Sport and activities

Rolling hills, rugged cliffs and unspoilt forests sit in harmony with the waves of the Baltic Sea. Together with stunning beaches, they make nature on Rügen something quite special, and a paradise for hikers. With some 2,000 hours of sunshine each year, the region is one of the sunniest in the whole of Germany. The result is a mild climate and exceptional flora and fauna. Each season offers its own highlights – from bright yellow rapeseed fields in the spring to red poppy fields in the summer. In the autumn, crashing Baltic Sea waves define a hike through the brightly coloured forests. In the winter, the island captivates with its unique winter landscape and fresh breeze. The resort offers cycle hire for anyone wanting to explore Rügen by bike, including the Binzer Strand with its sandy promenade or the Karl's Adventure Village in Zirkow.

The large indoor pool sparkles with a flow channel, bubble loungers and splash showers. In the summer, an outdoor pool is also open. A further highlight is the indoor playground. The brightly coloured and adventure-packed world for children extends over several levels and covers a total of 1,200 m².
