

BIG GAME FISHING

Big game fishing in the Maldivian seas is an exciting and unforgettable experience. We support the 'catch and release' policy encouraging our guests to fish responsibly, releasing the fish after capturing keeping one catch per fisherman. The catch varies depending on the time of the year however the most common fish to be caught on these excursions are Tuna, Wahoo, Barracuda, Sail Fish, Giant Trevally etc....

We cannot guarantee the success rate of fishing as the conditions are highly dependent on weather and the conditions of the ocean.

We are happy to prepare your catch, which can be served during lunch or dinner at the Cuisine Gallery; we simply ask for a little time so we can prepare your meal according to your preferences. We reserve the right to serve edible items only, and the portion size will be determined according to the size of the catch to avoid wastage and to allow proper food production methods.
