

## Sports Betting Goes Mobile!

### Using Your PRRSPORTS App

Our **PRRSPORTS App** gives you even more ways to quickly and conveniently place sports bets. Now you can bet on your favorite games while relaxing in your Silver Star or Golden Moon hotel room, playing a hand in our poker room, dining at one of our great restaurants or even while lounging poolside. And that's not all! While you are watching your favorite team or sporting event, the **PRRSPORTS App** gives you access to LIVE IN-PLAY sports betting! You can place a variety of bets like traditional straight bets, parlays, teasers, round robins and more!

Per gaming regulations, mobile betting is limited to on premises at Pearl River Resort and Bok Homa Casino. All app users' account information and wager history is only available for viewing within the Continental United States.
