

LOCATION SENSATION IN THE HEART OF BUKIT BINTANG IN THE HEART OF EVERYTHING

LOCATION

The Federal Kuala Lumpur's strategic location in the city of Kuala Lumpur makes us the perfect venue for any high-powered corporate meetings or exclusive private events. While weddings held in our hotel sets new benchmarks in romantic elegance and moments that you can treasure forever.

We have updated and adjusted our setup style and configuration with reduced seating capacities primarily to adhere to the new social distancing safety measures for all meeting/function rooms and event spaces. This change also includes all our Food & Beverage outlets with seating arrangements spaced out at least 1 metre apart as required by the authorities. We assure you that we will continue to ensure our discreet yet attentive and efficient service throughout any event, with a staff member on duty at all times.

EVENTS & CONFERENCES

Here are our options to cater to every need and requirement that you may have.
