### IN-HOUSE LOCAL ART EXHIBITION

Award winning abstract artist Jennifer Sadler is known for working in a variety of mediums including Encaustic (Beeswax) from her studios in Perth and Mandurah.

Her inspiration comes from Jamaica's intense light to the muted, brooding austerity of Scottish highlands and finally to the dryness of Australia's South West. The feel and colour in all these locales has seeped into her memory, leaping across time and onto paper and the canvas. Jennifer's work continues a passionate response to the environment in which she lives. She is drawn to ephemeral elements such as shifting light, shadows, and reflections, not depicting the landscape as she sees it, but as it feels.

Jennifer's works are for sale, should you need further information about the artist or how to purchase one of these pieces, please contact Reception. Dial 2

### WINE OF THE MONTH
