SKIN CARE

SECRET WEAPONS

Cutting-edge age erasers – no needle or appointment required.

1. Save morning primp time with **Per-fekt Beauty Skin Perfection Gel**, \$57.50, a multi-tasking alternative to applying skincare, foundation, and primer. The anti-oxidant and vitamin-packed formula is an oil-free gel that minimizes the look of fine lines while somehow locking in moisture and absorbing excess oil; perfektbeauty.com.

2. **Elemis Pro-Collagen Wrinkle Smooth**, \$158, uses Adaptogenic technology to relax facial features, plump wrinkles, and soften expression lines with one sweep of the ingenious brush-topped pen; timetospa.com.

3. Using DMAE (the new generation powerhouse anti-oxidant), **Dr. Lewinn's Private Formula Cosmetic Lift**, \$79.95, heals acne scars and sun damage while firming, toning, and rejuvenating skin; drlewinns.com.

4. A moisturizer and serum in one, **Amore Pacific Stabilizing Serum Skin Normalizer**, \$85, normalizes and calms skin while protecting it against environmental attackers and softening fine lines; neimanmarcus.com.

5. A potent faux-tox liquid **Comfort Zone Glorious Skin Instant Tensor**, \$135, inhibits facial muscle contractions rather than restricting them for a more natural, relaxed look than injectibles; comfortzone.it.

6. Using aromatic botanicals and extracts, the ultra-effective **Darphin Stimulskin Plus Rejuvenating Lifting Serum**, \$295, visibly firms, lifts, blurs fine lines, and even boosts natural collagen production; darphin.com.

7. When used for 21 consecutive nights, **Estee Lauder Advanced Night Repair Concentrate Recovery Boosting Treatment**, \$85, erases dry, flaky skin and irritation caused by sunburn or dermatological procedures and binds moisture for a smooth, clean slate; Estee Lauder counters.

8. Effective, easy to use, and affordable is a rare triple-threat in skincare, but the **Exuviance by NeoStrata Skin Healthy Home Resurfacing Peel System**, \$65 for eight peels, improves clarity, firmness, and the appearance of lines and wrinkles by exfoliating dead surface layers to stimulate cell renewal; neostrata.com.

Lunch Hour Lifts

More than just a steam and clean, today's trend in facials is the non-surgical lift, an anti-aging quick fix found at innovative spas throughout the country, such as the **Super Sleeping Peel Facial** at Bliss Spas (blissworld.com) and the **Anti-Aging Facial** at Jurlique Day Spas (jurlique.com). A favorite of New York socialites and celebs, Tracie Martyn's **Resculpting Facial** (traciemartyn.com) drains puffiness and lifts, firms, and defines contours. California girls retreat to the spa at Rancho Valencia Resort for the **Catio Lift Facial** (ranchovalencia.com), which uses muscular stimulation to produce a gossip-inspiring, immediate lifting effect that lasts for several days. Or they indulge in the aptly-named **Fountain of Youth Facial** at Kelly's Spa (kellysspa.com), which uses lymphatic drainage and facial massage to reduce swelling while lifting and toning for a virtual instant face lift.
