

THE
ELIOT HOTEL 

Boston has so much to offer, no matter the season! If you are looking for fun Winter activities, our team has some great ideas. Right now, we are all thinking about ice skating! Ice skating is such a quintessential Winter activity and Boston has great options.

Voted the Best Outdoor Skating Rink in the US by USA Today, The Frog Pond in the Boston Common is our favorite place to skate! Skate to your heart's content while surrounded by the beauty of the Boston Common. Stop by Boston mainstay L.A. Burdick for a delicious hot chocolate on your way home.

A newer addition to the city, The Rink at 401 Park offers a 6,000 square foot rink in the lively Fenway neighborhood. Located next to the Time Out Market and Trillium Brewing, you can work up an appetite skating and then pick from a variety of restaurant stalls to satisfy your cravings. Cap off your adventure with a visit to Trillium Brewing.

Finally, If a visit to Cambridge is on the agenda, stop by the Community Ice Skating at Kendall Square rink. This pretty rink is conveniently located in the heart of Kendall Square.

If watching skating instead of *actually* skating is more your speed, catch a Boston Bruins home game at the TD Garden. Our Bruins will be playing home games until the end of April and the experience is one you do not want to miss! The Garden area has so many places for a pre- or post-game dinner, including the new Hub Hall with 18 restaurants, including a Boston favorite, Sullivan's Castle Island.
