SPECIAL REQUIREMENTS: \_\_\_\_\_

We recognize that many responsible pet owners travel with their pets and may wish to have them share their hotel accommodation.

Coast Hotels reserves the right to refuse accommodating any such pet for any reason but may, at its sole discretion, allow this practice, provided some basic requirements are met for the protection of the pets in question, as well as all others.

Proper arrangements must be made to secure acceptable sleeping quarters, walk and exercise as needed, and generally ensure the well-being of the pet.

**Pets may not be left unattended in the room, or any other area within the hotel premises. When not in a guestroom, pets must be leashed at all times on hotel property.**

**Pets left unattended and causing problems, may be ordered removed or caused to be removed, at the hotel's sole discretion.**

The pet's presence and behavior will not be allowed to affect the well-being and quiet enjoyment of the hotel premises by other hotel guests and patrons.

The owners assume full responsibility for any damage, however caused, resulting from the pet being allowed in the hotel's premises.

Adherence to these practices will ensure an enjoyable stay for all guests and pets.
